

This term as part of our International Primary Curriculum (IPC) Children will be learning about the importance of water: water is important to all living things – without water there would be no life on Earth. We use water every day. We depend on water to stay clean and healthy, just like the many plants and animals we share our world with. Not everyone in the world has clean, fresh water – but we can help to change that, because water is for everyone

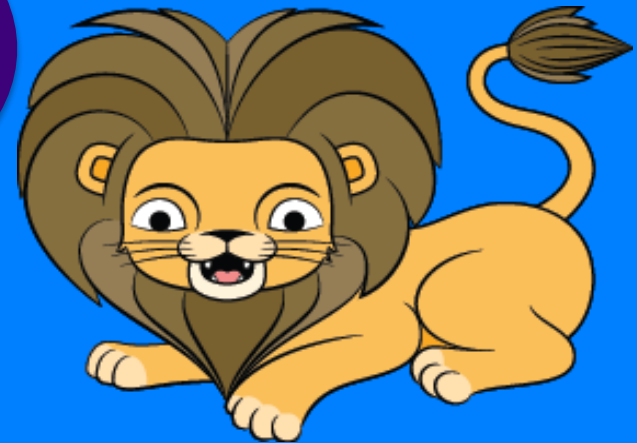

**AVANTI COURT**

Excellence · Virtue · Devotion

**Homework:**

We hand out homework on....  
Friday and expect Maths and  
Phonics Homework back on  
Wednesdays.

Identify & compare common animals.

## Philosophy, Religious and Ethics (PRE) and Sanskrit: **COURAGE**

Children will understand courage is in action and we probably felt very good about what we did. And we should! And understand courage shows up in many ways all around us. Courage is standing up for a friend, helping someone in need or sticking with something that is hard for us to do. As a young person, courage is one of the most important things we can develop. Having courage makes us a better person, a better student and a better citizen.

## History and Geography

This term in geography we will be learning all about water: How much of our planet is water and how much is land. How water can provide a habitat for different living things .
