What I like most about the school

- Character building, the teaching of the values and ethics will help my child to become a great individual
- Teaching discipline, good manners
- The spiritual learning, PRE, collective worship, prayers and vegetarian hot meals
- The welcoming atmosphere for new parents and the integration of the British schooling system with devotional and alternative lessons in sanskrit and yoga
- Homework, varied teaching methods
- My daughter enjoys coming to school. She loves the teachers
- Level of communication between teachers and parents – approachable friendly staff
- Happy, friendly environment
- My child loves the school and is very happy to be there. He is learning a lot and has become more independent. He adores his teachers

What I would like to change about the school

- Introducing more after school clubs and particularly instruments and giving an option of paying for vegetarian snacks for after school kids, as fruits are not enough for the long day
- Perhaps more straight forward communication
- Effective communication throughout the school team – admin and teachers to be aware of what is going on in the school
- The rubbish at the entrance of the school needs to be cleared away
- Holiday periods – increase holiday times
- Have an hour in class to exactly know what my child is doing
- Start of the day time to change. This will allow my child to have a proper breakfast
- Less screen based homework
- Not having homework set during holiday times, so that children can relax and pursue non academic activities
- More variety of trips
- I don't get emails – I have mentioned it for 4 years!
- Education City is good but Matheletics is better for older children
- Communication – sometimes meetings are changed and it's at short notice
- Free swimming lessons to start
- Lunch menu has too much paneer dishes
- Make sure teachers do not leave in mid year academic year
- I would prefer homework everyday
