

SCHOOL COUNCIL and ECO COMMITTEE ACTIVITIES

MINDFULNESS THOUGHT

Earth and sky, woods and fields, lakes and rivers, the mountain and the sea, are excellent schoolmasters, and teach some of us more than we can ever learn from books. ~John Lubbock

On Wednesday 8th February a group of fantastic helpers from the committees planted a range of bulbs in pots. This will be displayed around our Temple for everybody to enjoy.

The children had fun as well as learning about how to plant bulbs accurately. Well done children for demonstrating respect towards living things and working splendidly in teams.
